### **Organizational History:**

The MUSC Women's Club was established in 1966 "to promote good will, interest in, and support of the Medical University of South Carolina and to provide activities that will promote fellowship and bring the members into a closer relationship." Membership in the club is open to "professional staff and administrative officers of the six colleges of MUSC" and "spouses of professional staff and administrative officers." The club promotes interest groups, including Movie Club, Lunch Bunch, Bridge Club, MUWC Book Group, and Investment Club. These groups usually meet monthly during the academic year. In addition, Club activities include wine tastings, membership coffees, holiday parties, and local excursions. Club members provide direct support to MUSC by volunteering in the hospital, raising funds to support programs, and offering scholarships to students in all six MUSC colleges. Scholarships are awarded annually in varying amounts dependant upon the number of applicants and the amount of money available from the previous year's fundraising. This club is still active.

### **Scope and Content Note:**

The MUSC Women's Club Records, 1966 to 2015, consist of 78 folders and 4 scrapbooks documenting the activities of the Club. Files, binders, and scrapbooks contain minutes, meeting agendas, treasurer's reports and financial records, photographs, programs, and invitations for events, newspaper clippings, membership rosters, correspondence, and the club's newsletter, *The Distaff*. The records are arranged chronologically and then by subject. The scrapbooks have been maintained in their current format and do contain duplicate and supplemental information to that found in the file folders. Researchers should consult both material types for a complete understanding of the activities of the club in any given year.
